

Unit 2 Practice 2

1. Download and save all files for this practice into the Lastname_Unit2Practice2 folder – Include an Images folder.
2. In the head section, include the appropriate style tags
3. First off, change the background color and font of the entire webpage to lightblue and Gill Sans respectively (remember to provide a fallback font)

```
<style type="text/css">

body {
background-color: lightblue;
font-family: "Gill Sans", arial; }

</style>
```

4. Next, change the level one heading to be size 48px and center it in the middle of the page
5. Specify that this element is 204px high and add a blue shadow to it
6. Finally, add a background image of the banana logo (to the h1) and make sure it is centered both vertically and horizontally and that it does not repeat

7. Change the paragraph to be aligned in the center of the page with size 20px font
8. Indent the paragraphs some and make it 1.5 times the line spacing

```
p {
text-align: center;
font-size: 20px;
text-indent: 25px;
line-height: 150%; }
```

9. Change the level two heading to be red and centered on the page
10. Increase the level two heading's letter spacing by a few pixels and increase the space between the words as well
11. Instead of having the horizontal rule be the entire width of the page, change it's width to 800px and make it a height of 1px
12. Also, make the hr red with background-color

Looking for a Refreshing Drink for All Seasons?

13. The bold words, to make them pop off the page, make blue, italic and also increase their letter spacing by 2px
14. Make the level 4 heading red, centered, and give it a width of 700px

15. Finally float it to the right side of the page
16. Next, make the blockquote a width of 600px, blue, centered and size 20px
17. Float the blockquote to the right and include the clear property, with the value of right, in order to have it show up on the next line right under its heading

18. Change the level 5 heading and the address tags to both include center aligned text that is size 16px
19. Make the italicized text a font size of 20px and give it a small black shadow
20. Make the unordered list a height of 201px and the width to 500px
21. Add a background of smoothies.jpg so that it is on the right center of the list and so that it does not repeat

22. Finally, make the body a width of 1200px and center the whole page with margin-left and margin-right.
